

Karl and DiMarco North is offering **SUMMER CAMPS!**

With ages ranging from 3-7 and up we have something for everyone. All summer camps will differ based on different specialty techniques that we offer here at K&D. Half-day and full-day camps are both offered to accommodate schedules all around.

If you are interested in joining our studio, a great way for your child to test the waters and get comfortable in the space are our summer camps! The excitement is never ending and the kids are constantly engaging in activities and exploring the world of dance in a fun and positive learning environment.

Each camp will vary depending on age, level of ability, and style. We have a camp for everyone at all levels. All camps will be held at K&D North which is off of North Dale Mabry at 19022 Geraci Road, Lutz, FL 33548.

Why should my child attend a dance summer camp?

Our summer camp is a supportive, non-competitive, secure environment for kids to explore the world of dance following different themes relating to each dance camp. Our teachers create a positive environment for fun and encouraging dance lessons for everyone to feel excited this summer time!

Will my child be busy the whole time?

YES! We make sure to schedule every day accordingly so that there is constantly activity happening that is engaging and exciting. Water or snack breaks may be given but no one will ever be bored- only left wanting to come back for more!

What's different about these summer camps?

Here at K&D North we work to provide thematic camps for kids to become excited about a particular style or training method to continue with in the future. While it is all a great time, the knowledge and experience gained from our camps are beneficial in all aspects and will inspire students to further their knowledge.
